## ATB Increase Process Overview with Segments AFTER July 1, 2015

**Overview** This communication is an overview of the scenario outside of the normal July ATB increase process and the process steps for recording on HRIS. The July 2015 ATB increase process must be completed on HRIS by the **July 22, 2015** pay close. This scenario involves Confidential, PM, AP and RA/SRA Staff employees that have a segment record **after** July 1, 2015 with future term or continuing end dates already on the system.

This document instructs staff on how to change the Appointment Detail (IT9009) and create the Basic Pay (IT0008) screens in order to record the ATB increase information for the above Staff with an effective date of July 1, 2015. (In some cases, depending what the future entries were pertaining i.e. funding change or future dated transfer, you may be required to re-process those changes on the employee's record after the July records have been processed.)

Any employees with data integrity issues who were not automatically updated on July 10<sup>th</sup>, 2015 will need to be manually updated. Departmental Business Officers will be required to update all eligible Basic Pay (IT008), Appointment Detail (9009) and Cost Distribution records (IT0027) with the respective ATB amounts as of July 1, 2015 prior to the July pay close (July 22, 2015).
