Overview

The PM, Confidential, AP, Research Associates and Senior Research Associates ATB Exceptions and Update Report is a dynamic report up to the date of central automation January 9th, 2016 and after that date it is a point in time report. It is representative of data for a respective organizational unit. It is run by Business Officers to gain a listing of employees which will have their ATB centrally processed and those which have exceptions and need to be done manually by the department. If the exceptions are corrected by January 9th, 2016 those employees will also be included in the central automation.

PM/Conf/RA - ATB Exception and Update Report

PersNo.	Last name	First name	Org.unit	PS text	PS group	Lv	Dec 31, Salary	Jan 1, Salary	Difference	% Diff	Comments
---------	-----------	------------	----------	---------	----------	----	----------------	---------------	------------	--------	----------

The Output Data Screen will appear with the information organized in a table with the following headings:

<ul style="list-style-type: none"> • Personnel No. • Last Name • First Name • Org. Unit • PS Text • PS Group 	<ul style="list-style-type: none"> • Level • December 31, 2015 Salary • January 1, 2016 Salary • Difference amount • % Difference • Comments
--	--

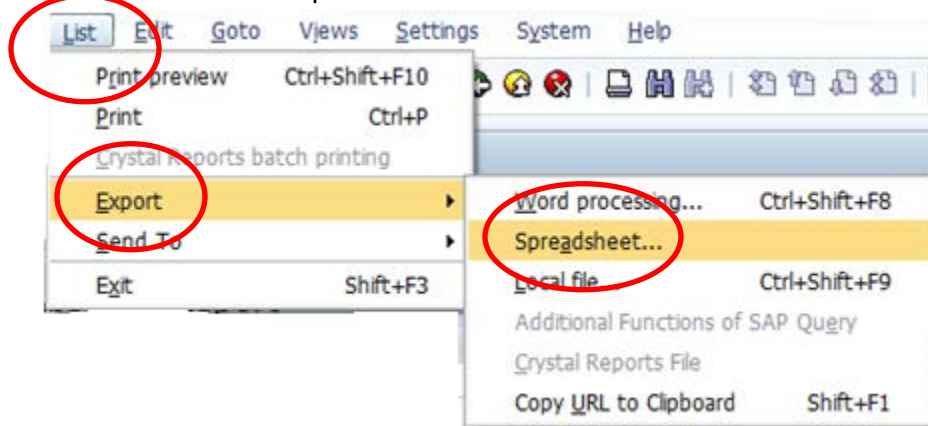

Since these staff groups are **NOT** on a grid, the January 1, 2016 Salary will be the same as the December 31, 2015 and the Difference % will **NOT** appear. The report is strictly to show the records that need attention before the central automation.

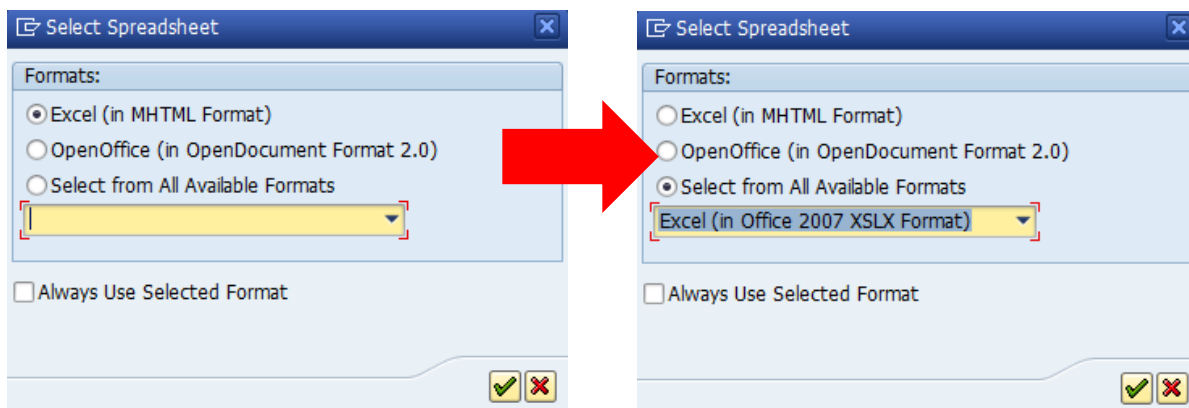

Employees with the Comment “will be processed centrally” **DO NOT** need to be updated manually by the Business Officer.
